GLOBAL CHALLENGE
CODE OF BEHAVIOUR

In general you must respect the code of behaviour for Hutchins students, the Traidhos Three Generation Community for Learning and Thai society. The Traidhos Three Generation Community for Learning is a quiet and beautiful campus, shared by the International School, visiting schools, resident families and boarders.

For the health, safety and enjoyment of myself, the team, other students, resident families and Prem staff, I agree to:

- not wander around the Campus, especially at meals, at the swimming pool and in the gym without supervision of a Hutchins leader
- not possess drugs, tobacco, cigarettes or alcohol
- not possess martial arts equipment, laser pointers and any item that could be identified as a weapon
- maintain appropriate dress around campus and whilst in Chiang Mai, e.g. the wearing of any clothing promoting alcoholic beverages and moving around in swim wear and wearing tank-tops at wats, both of which are unacceptable in local Thai culture
- follow the “Be silent after 10pm” rule, acknowledging and respecting Thai communities and that Prem, in particular, is a shared campus with both paying residents, teachers, other visiting schools and boarding students
- be on time, in the right place with the right clothing and equipment, especially a water bottle, for any part of a program
- care for my room and the campus by being energy efficient (turning off air con and lights when leaving a room); caring for furniture, equipment and gardens; taking out rubbish; leaving floors clear and checking rooms for tidiness
- remove shoes before entering accommodation, wats and private dwellings
- notify the Hutchins staff or volunteers of illness, misbehaviour, loss of belongings, and problems with accommodation immediately
- stay with the group or my team at all times, especially in Chiang Mai, and not go off alone
- pay attention to and obey the instructions of all Hutchins personnel and Prem Centre staff and guides
- demonstrate empathy and care for all members of the expedition
- conduct myself at all times within the rules and codes of The Hutchins School in all other situations not covered by these expectations

GLOBAL CHALLENGE
ROCK-CLIMBING, ABSEILING AND ZIPWIRING

Your travel insurance, like almost all travel insurances, does not cover your son for this activity. So it is important to draw to your attention the following:

1. Most boys participate in rock-climbing as part of their outdoor education program in the Middle School.

2. Our program in Chiang Mai includes the same type of rock-climbing undertaken as part of their Outdoor Education program but in a different environment.

3. Chiang Mai Rock Climbing Adventures, which organises our rock-climbing, requires you to sign the attached ‘Participant Agreement and Assumption of Risk’ form.

4. Flight of the Gibbon, which organises the zip-wiring, requires you to sign the attached ‘Participant Agreement and Assumption of Risk’ form.

5. Boys will undertake safety tuition as the first part of their experience with all providers.

6. The Visiting Schools Program (a part of Traidhos Three Generation Community for Learning), which is our host organisation, uses these companies for all such activities with visiting schools from around the world and they have an extremely strong safety record.

7. We have met with instructors and guides and have completed the activities organised by these companies and we have confidence in the firm and its programs.

8. Our Director of Outdoor Education has also completed these activities and his risk assessment endorses the program.

9. Boys will be encouraged to participate to the level at which they are comfortable.

To acknowledge these circumstances regarding these components of the expedition, please complete the details below. This acknowledges that your son can participate in this activity. Without this form completed, your son will not be able to participate.

PARTICIPANT AGREEMENT AND ASSUMPTION OF RISK

Trip: THE HUTCHINS SCHOOL, VISITING SCHOOLS PROGRAM, PREM CENTRE

Date: JUNE/JULY 2011

Location: CHIANG MAI

In consideration of the services of Chiang Mai Rock Climbing Adventures, Co. Ltd., their officers, agents, employees, stockholders, and all other persons or entities associated with those businesses (herein after collectively referred to as CMRCA), I agree as follows:

Although CMRCA has taken reasonable steps to provide you with appropriate equipment and / or skilled guides so that you can enjoy an activity for which you may not be skilled, we wish to remind you that rock climbing, bouldering on artificial walls, and caving are not without risk. Certain risks cannot be eliminated without destroying the unique character of the activities. We do not want to frighten you or reduce your enthusiasm for outdoor adventure sports, but we believe it is important to inform you in advance of the risks and our policies towards them.

The following describes some, but not all, of those risks:

The hazards of walking on uneven terrain include slips, falls, and injury (including bone fractures) from rock-falls and rockslides. Equipment hazards include rope and equipment failure, resulting in falls off of rock, artificial wall, or into caves. Natural hazards include lightening strikes, sudden weather changes creating inclement conditions, and malady from insect bites. Personal hazards include one’s own physical condition and capacity for the physical exertion associated with these activities and hypersensitivity to cold and heat, including hypothermia and hyperthermia, frostbite, heat stroke and heat exhaustion.

I am aware of the intrinsic risks of this activity as outlined in this document.* I understand that the description of these risks is not complete and that other unknown or unanticipated risks may result in injury.* I agree to assume responsibility for the risks identified herein. My participation in this activity is purely voluntarily, no one is forcing me to participate, and I elect to participate in spite of the risks. Also by participating in this course I understand that it is necessary to use specialized equipment. In using or renting equipment I accept those risks involved.

Please initial here: ______

Furthermore, I understand the Hutchins School has provided physical, medical and dietary information from my School records and I accept full responsibility for all omissions I made that may result in my own illness/injury*. I understand that medicines dispensed to me in the case of accident may react negatively with medicines I take regularly – such as heart medication, birth control, and insulin. I certify that I am fully capable of participating in this activity. Therefore, I assume full responsibility for myself and all minors climbing with my permission, for bodily injury, and loss of personal property and expenses thereof other than arising as a result of the negligence or willful or fraudulent conduct on the part of CMRCA.

I also certify that I have been instructed by CMRCA to wear a helmet throughout the duration of the activity, and I will not hold CMRCA responsible for any injury caused to me if I choose not to wear a helmet or while I am not wearing a helmet.

Please initial here: ______

I have read, understood, and accepted the terms and conditions stated herein and acknowledge that this agreement shall be effective and binding for me, my heirs, assigns, personal representative, estate and for all members of my family, including any minors accompanying me. I acknowledge I am not relying on any oral, written, or visual representations of statements made by CMRCA including those made in its brochures or other promotional material, to induce me to participate.

*The elemental risks and injuries described in this document can also cause loss of or damage to your equipment, accidental injury or illness, or, in extreme cases, permanent trauma or loss of life.

Promotional Waiver/Release

The undersigned hereby consents to and authorizes the use and reproduction by CMRCA of any and all photographs and any other audiovisual materials taken of the undersigned for use in promotional printed materials, educational activities, or for any other use the CMRCA staff deems appropriate for the benefit of the program.
